

Canva Masterclass Curriculum

Introduction

Understand Canvas interface, tools, and the basics of graphic design.

Posters

Create engaging posters for events, promotions, and announcements.

Logos

Design clean, impactful logos to represent a brand or project.

Banners

Craft banners for websites, YouTube, and social media platforms.

Presentations

Build professional and visually appealing slide decks.

Documents

Design resumes, certificates, letters, and flyers.

Marketing Content

Create content for advertisements, product promotions, and outreach.

Promotional Designs

Design festival posts, story ads, and discount offers.

Blogs & Brochures

Make visuals for blog posts and informative, well-structured brochures.

Final Design Project

Apply everything you've learned in a final capstone design assignment.
